PROJECTS

Online Grimoire

[Personal Project](#)

🐙 [mrolei1/Online-Grimoire](#)

Web tool that emulates the game board of the social deduction game Blood on the Clocktower. Built using vanilla JavaScript and CSS.

Email Widget

[Dallas School District](#)

🐙 [mrolei1/emailObscure](#)

Internal web tool that generates a line of HTML to be embedded in Google Sites. Provides functionality to automatically copy and hide email addresses from scrapers.

Status Dashboard

[Personal Project](#)

🐙 [mrolei1/minecraft_website](#)

Dashboard that gets information on Minecraft servers running off of my personal Pterodactyl server and visualizes live data on their CPU, RAM, and disk usage.

EXPERIENCE

Information Technology Specialist

[Dallas School District](#)

📅 Feb 2020 – August 2023

📍 Dallas, PA

- Configured network hardware for security system
- Prepared hardware for student and teacher use and solved connection and technology issues
- Recorded instructional videos on use of hardware for faculty and staff
- Developed tools and procedures to streamline IT tasks
- Managed small groups of aides through completion of IT projects
